CHAMBER OF COMMERCE IN MONTHLY SESSION

CONSIDER INDUSTRIAL PROPOSITION AND CHAUTAUQUA FOR GLENDALE—JOHN S. MCGROARTY MAKES ADDRESS—PRESIDENT MAKES RECOMMENDATIONS

The regular monthly meeting of the Glendale Chamber of Commerce was held in the Chamber of Commerce Building, 1011 West Broadway, Friday evening, October 8. President J. W. Usilton occupied the chair and R. M. Jackson, secretary of the chamber, performed his usual duties.

In accordance with his custom, Chairman Usilton addressed the following letter to the chamber:

To the Chamber of Commerce:
Your special committee has finished the compilation of a booklet which brings out prominently the many advantages of this city as a home place. It is intended to have this book printed on fine paper, with an attractive cover and illustrations.

A representative of the Wood Manufacturing Company of Los Angeles will lay before the chamber a proposition that will be of great benefit to this city if a way can be suggested to comply with the terms of the company. It is a matter that should be considered with care, as the result of the location of this company would result in bringing a number of skilled workmen to this city, which would add materially to our prosperity.

Whittier has tried with success the Chautauqua proposition that will be submitted by their representative here tonight. Should a number of organizations join in the enterprise it ought to be a success. It would be a six-day attraction for visitors.

Home Products Week will be observed in Los Angeles from November 1 to 6. The object of this is that home people may familiarize themselves with goods manufactured in California. This means increased business for home industries and consequently greater employment for our people. Action should be taken by this chamber to further the observance of Home Products Week.

Comment was made recently of non-action by committees appointed by the chamber, which was correct at that time, but promptness in committee work is now the custom. We would like to mention each member of Prof. A. M. Brooks' Brand boulevard extension committee, but there were so many that energetically worked for the project that it would be risky to attempt to enumerate them. Each member displayed a deep interest in the work and success crowned their efforts in what is generally regarded as of vast benefit to Glendale and the entire San Fernando valley. The result is that Los Angeles will put the \$15,000 necessary for the bridge in this year's tax budget, and the county supervisors have indicated a willingness to furnish \$5,000, making the amount necessary for the project. The property holders, it is stated, on both sides of the river have indicated a willingness or already signed for the road improvement. Thanks are due from this chamber to all who assisted in this improvement, which gives an additional and shorter route to Los Angeles.

On request of the chairman the secretary read the resolutions of sympathy pertaining to the passing away of William Herman West. The resolutions are as follows:

The secretary was instructed to forward a copy of the resolutions to Mrs. West, and also to have the resolutions published in the Glendale papers.

Whereas: Our esteemed and beloved friend and brother, William Herman West has been called from this earth, which he made better during his sojourn here, by his devotion to truth and all goodness, by his beautiful personality, by the music of his wonderful voice and by his kindly thoughtfulness toward all, and

Whereas: In his passing from us, this community mourns one whose cheery smile and kind words blessed many souls, whose beautiful voice and the art in which he was so proficient charmed and lifted the load of care from many weary hearts, one who was a loving and faithful husband, a true friend, a good and noble Christian man,

Resolved, That we as members of the Glendale Chamber of Commerce bear testimony to the love we bore our brother and express in our feeble way how much we miss him from among us, even while we rejoice that he has entered the higher and larger life for which he so nobly endeavored to prepare himself while here; and

Resolved, That we extend to Mrs. West sympathy from hearts that mourn with her in the loss of one we all loved so well.

On motion a vote of thanks was extended to Prof. A. M. Brooks and other members of the Brand boulevard extension committee for their untiring efforts in taking the necessary initiative steps for the securing of a direct public highway from Glendale and Tropic to Los Angeles. Mr. Brooks announced that a meeting of the committee will be held soon in the Glendale Chamber of Commerce rooms.

A lengthy communication was read from the Glendale & Montrose Railway Company, setting forth the unfair competition they are required to meet in the way of the Monte Vista auto stages being allowed to carry passengers into and out of Glendale without any restraint whatever. The communication asked that the Chamber of Commerce assist in the way of urging that the proper authorities require the operators of these auto stages to limit the number of passengers carried in the autos, and also that they be required to provide indemnity insurance as a protection to passengers in case of accident, and that they be required to pay a percent of their earnings into the city of Glendale, which will put them to some extent on the same basis as the Glendale & Montrose railway. At the conclusion of the reading of this communication, a motion prevailed that it be placed on file.

A Mr. Hurd, representing a Chautauqua Company of considerable prominence addressed the chamber, asking that the Chamber of Commerce and other societies in Glendale take the initiative in arranging for a six days' Chautauqua program to be given some time next May. He explained that an afternoon and an evening session would be held each day, each session to comprise a musical program and a lecture, both being furnished by the best talent available in the United States. Course tickets would be sold at \$2.50 each.

To secure the Chautauqua it will be necessary for local committees to guarantee the sale of four hundred such tickets. The question of the proposed Chautauqua brought forth considerable discussion, there being present representatives of the Parent-Teacher Federation, the Tuesday Afternoon Club and other organizations, for the purpose of giving this matter consideration. The main obstacle in the way of arranging for a Chautauqua was to find a sufficient number of persons who would serve on a committee to guarantee a sale of four hundred season tickets at \$2.50 each. On motion the chair was instructed to appoint a committee whose duty it will be to make further investigations as to what the desire of the people of Glendale is in arranging for a Chautauqua program.

Mr. J. S. McGroarty, the well known California literary man, author of the Mission Play, appeared before the chamber and urged the selection of a day on which the people of Glendale could visit the play at San Gabriel. He stated that special through cars would be run on whatever day might be chosen. In urging the people of this city to visit the play in its home setting Mr. McGroarty told with some humor the story of his early difficulties in getting the play staged. He said that those difficulties had all been overcome and that the play now was entirely free from debt, and had some capital to the good.

Within a few weeks, according to Mr. McGroarty, the Mission Play will be taken to Chicago, there it will probably run six months. It will then go to New York, where it may run a year; thence it will go to Philadelphia, Boston and possibly other cities. It will certainly go to London, England. The big theaters everywhere are anxious to book it. After London it will be taken on a tour of the world, to South America, Australia, New Zealand and elsewhere.

Mr. McGroarty explained that the effect of this showing the Mission Play in so many outside places would be to attract people to California. Manufacturers, he said, might admire the climate of California when they came here, but they would never bring their businesses to this state after they had seen the sparseness of the population. The state of New York alone contains one-tenth of the whole population of the country. It is in these big centers that markets are found. However, let a man be hemmed in by the biting winter of the east, and then let him view such a play as the Mission Play and his soul would be stirred by an intense longing to go where the sun was shining.

Mr. McGroarty stated that he had extended an offer of \$100,000 for the play. It was his "baby," the off-

AT THE PENNY FAIR

3600 PENNIES COLLECTED AS RESULT OF UNIQUE SOCIAL

There is no question as to the popularity and success of the Penny Social, which was given at the Congregational Church on Friday night. The rooms were crowded; the entertainment was first class and the people were delighted, and the amount taken in was \$36, an advance on the result of last year. Under the management of Mr. A. R. Chappell, organist of St. Mark's Episcopal Church, who kindly gave his services, an interesting picture show was given. The pictures shown were largely public buildings and scenery in Great Britain and France, Holland and Belgium. Miss Vantyne Smith had charge of the fortune telling and sent many away wondering at the accuracy of her palm reading. Miss Jessie Chase, of the Los Angeles library, made a success of her story telling.

Those who entertained throughout the evening were Irma Patterson, Gertrude Millet and Carol Willisford, who gave piano selections; Marcella Miller and Harriet Barnes, who charmed the audience with their recitations; Mrs. E. H. Willisford also recited. Five little girls—Lois Schuyler, Edith Schuyler, Millicent Alvord, Margaret Frazee and Ethel Merriken, sang nursery rhymes in comic style with great effect. The cafeteria was a great success.

The young ladies of the two Glendale classes are to be greatly congratulated on the result of their labors in organizing this affair individually and collectively, they worked hard. Their names are: Miss Vantyne Smith's Class—Irene Robinson, Edythe Robinson, Margaret Frazee, Ethel Merriken, Lois Schuyler, Edith Schuyler, Millicent Alvord, Beulah Waterman. Miss Emma Adams' Class—Eleanor Gregg, Helen Beach, Dorothy Bonnell, Audrey Hall, Erman Patterson, Harriet Barnes, Gertrude Melang, Jessie Gregg, Marcella Miller, Mildred Svenson, Alina Pardon, Margaret Pardon, Edna Farner, Marguerite Paul, Merva Scott.

Finally the wanderer was found in the Boyle Heights police station. He had been taken thither by a police officer who found him in that vicinity.

NEW CITY LIGHTS

GLENDALE PUBLIC SERVICE DEPARTMENT ORDERS ORNAMENTAL LIGHTS FOR NORTH BRAND BOULEVARD

Gradually the city's lighting system is being improved. New lights have been ordered for that portion of North Brand Boulevard extending from First street to the north city limits.

"I have just sent off the order for the 48 5-light, cast-iron, ornamental standards needed for the installation of the improved service on North Brand boulevard," said Harry B. Lynch, manager of the Department of Public Service, to a representative of The Glendale Evening News. "This extension of the new light system has been under consideration in preparation for some time. It will extend the lighting system to the city limits, which on the north side of Glendale come within 200 feet of the Wash."

"The lights will be similar to those in use on Brand boulevard now. Proceedings are also going on for the asphalted of Brand boulevard as far as the north limits. These improvements will give Glendale one boulevard at least that will not be surpassed in the matters of paving, width, lighting and general appearance by any other in Southern California. The lights in this section will be installed by the beginning of February, 1916. At the same time we will remove all the old poles from the street. The old system required the use of poles for street lighting as well as for the purpose of conveying telephones to the houses. This has been done under a reciprocal arrangement with the Sunset Telegraph & Telephone Company. This arrangement will be continued and where the company can use our poles it will do so, and where we can use theirs we will do so. This enables us to avoid a considerable deal of expense."

"All the pole system will now be placed in the alleys. This will relieve the streets entirely of what has always been an eyesore. The old poles will be taken out. That portion which had been in the ground will be sawed off and the remainder of the poles painted and trimmed. These poles thus cut down will be used wherever poles are needed for the conveyance of single wires to houses and for similar purposes. The old poles have been in use ten years, so the city has had considerable service from them. The old wire also will be taken down and new wire substituted. The old wire will serve for many purposes in the way of light work, where a heavy current does not need to be carried."

"The city began this work in 1911. Then the first of the new standards was installed on Brand, from Third to Sixth. In 1914 the city put in the new system from Third to First on Brand and now is about to complete the work on that boulevard by extending the system to the city limits."

CONGRESSMAN RANDALL FAVORS WORLD'S DISARMAMENT

"The expenditures of the United States upon the navy grew from \$20,000,000 in 1891 to \$140,000,000 in 1914," said Congressman Charles H. Randall, representing the Ninth California District, recently. "We are expending today," he continued, "nearly one-third of our entire national revenues upon the army and navy. Shall we load down our country with the burden of militarism that has oppressed the masses of Europe for thousands of years, and which bids fair to crush them under the burden of debt that is now being piled up? It is a good time for thoughtful people to talk peace—a world-wide and lasting peace. When the struggling nations are through with this war, they will be in a receptive mood for suggestions along this line."

AMERICA'S MAMMOTH WHEAT YIELD

Among the great blessings which the peace policy of the United States brings with it this year is the bountiful harvest which the country is now yielding. While the wheat fields of unfortunate Europe lie untilled over vast areas; while the men who should have tilled them and reaped the harvest have watered them with their blood, the fields of the United States are white toward the harvest and the storehouses of the land will be full to overflowing.

Never in the history of the world has there been so abundant a harvest as that which will be reckoned this year. The wheat crop exceeds one billion bushels. This is the largest ever grown by any nation in the history of the world. The corn crop is also likely to prove the largest ever grown. There are also record crops of oats, barley, rye, sweet potatoes, rice, tobacco and hay.

Reports coming from the Middle West indicate that there was wet weather at harvest time all over that section and correspondents to the Glendale News who have visited the Central states tell the same story, but add that some of the crop will have to be used for feeding purposes as the quality has been greatly reduced by the wetting it got. Even with that drawback the price estimated for the crop on October 1 was \$910,844,000. This is very much more than has ever been paid for a wheat crop in the history of the country.

Such are the blessings of peace! The cheerful song of the reaping machine is surely more excellent music than the throb of the machine gun or the rending explosion of the melinite shell. The laughter of men in the field and the common joy of the harvest hands is surely more consonant with the intentions of the Creator than the agonized shrieks of the remnants of humanity lying over the sanguinary harvest fields of Europe.

There is surely more heroism in the patient spirit that works on until two blades of grass grow where one grew before, than in the highly developed destructive capacity that destroys the work of centuries, devastates the growing crops, burns the houses, robs the poor peasant of his means of existence and even of his life. There can be no doubt as to which country is best fulfilling the laws of the Creator.

Lord Leith, of Fyvie, who is a former naval lieutenant, has planted all the flower gardens of Fyvie Castle in vegetables for the British fleet.

A selection of thirty-six pictures of the world's scenic marvels taken from a collection of several thousand, will be flashed before the eye during the pastor's address. No names of places will be given. To the one who can name correctly the countries from which the scenes are taken Reverend Troy will present an autograph copy of his book, "The Bible in Genesis." This offer is made to any one present.

It will be interesting in this picture age to know how well people have read the scenic wonders of nature.

As a climax to the evening program Mr. Cunningham will present the Holy City, illustrated by the well known popular views.

WORTH KNOWING

Grapes may be kept for months. Select perfect bunches and see that the fruit is solid on the bunch. Remove all little spiders and their webs, but do not wash the fruit. Wrap each bunch carefully in dark blue tissue paper, twisting the ends tightly to exclude the air, then pack the grapes away in a closely covered box, and keep the box in a cool, dark, dry place.

AID FIREMEN'S CONTEST

Among the societies that are active in the contest for the piano offered by the Southern California Music Company are the volunteer firemen of Glendale. Those young men have been faithful in the performance of their duties and have rendered efficient aid on every occasion when there has been a fire. Their meeting place at night is the fire house, where they remain practically on duty for several hours. It is to the interest of the city to provide such amusement for them there as will induce them to stay in those by no means attractive quarters. Vote for the fireboys. Go to the Southern California Music Company's store, 316 Brand boulevard, and register your vote for the firemen. You don't need to make a purchase. Call at the store and secure a special coupon, fill it out and deposit it there. There are other organizations in the contest, but none so deserving of public support as the volunteer firemen. They are performing an inestimable service for the city during their hours of watching as well as during their hours of active work. Help to bring some music into the dullness of their evenings in the firehouse.

BIRTHDAY PARTY

In honor of his eleventh birthday Master James Richardson, 325 South Central avenue, invited a number of his youthful friends to a very enjoyable party, Thursday afternoon. Twelve of Master James' most intimate playmates attended this pleasing celebration. At 4:30 p. m. the shades were drawn in the spacious dining room of the Richardson residence and the youthful guests sat down to an attractive repast. The room was brilliantly lighted. The color scheme was pink and white. In the center of the table stood the large and handsome birthday cake, dainty in its pink and white frosting and sparkling with its eleven candles. Everything about the table partook of the same daintiness and color—bonbons, favors all were beautiful. What added zest to the unique entertainment was the fact that the little guests had a real program of toasts and replies. The youthful host received many beautiful remembrances of the day in the shape of presents. One of these from his aunt in New York City, was a surprise box containing everything of which a boy dreams. Those present were:

Avis Thompson, Virginia Hunchberger, Mildred Sawyer, Mary Sawyer, Elizabeth Mottern, Thomas McClellan, Billy Justema, Howard Winsor, Rollis Elrod and the host, Master James Richardson. After dinner games were enjoyed the whole party had their pictures taken on the lawn.

RECEPTION TO TEACHERS

More than five hundred people assembled in the auditorium of the High School, Thursday evening, for the purpose of tendering a reception to the teachers of the city. The teachers of both High and Grammar schools were present and were received in a pleasant social manner. All arrangements had been made for the program by Mrs. LeRoy Bosserman, who had gathered together a select band of first-class musicians for the occasion. The audience enjoyed immensely the boys' quartet trained by Miss Ruby Dale. The others who contributed to the artistic enjoyment of the evening were musicians of the highest order: Mrs. Clifford Cunningham, as a vocalist; Miss Dorothy Armstrong, as a violinist; Mrs. Coral Harrison Sloan, as a dramatic reader; Miss Ina Whittaker, as a pianist could not have been excelled.

Credit is due to Mrs. A. N. Lord for decorating the auditorium so effectively. Green and white was the color scheme. Mrs. E. W. Richardson had charge of the gymnasium decorations, which were pleasing and appropriate. Mrs. Charles E. Hutchinson welcomed the people in a graceful manner. The presidents of the various Parent-Teacher Associations presided at the tables, where after the program a pleasant social time was enjoyed.

WOMAN'S CITY CLUB

At the Woman's City Club, which meets in Blanchard Hall, Monday, October 11, Col. Harris Weinstock of San Francisco, will be the principal speaker. His subject will be "Rural Credits." Col. Weinstock is one of the best-known of California's public men. He is a member of the Federal Industrial Relations Committee. Other speakers will be: State Senator Ballard of the 38th district, who will also talk on "Rural Credits"; Clyde Seavey, tax commissioner of Sacramento and Charles Scott, assemblyman of the 64th district, both of whom will talk on "The Proposed Change in the Method of Taxation."

CONGREGATIONAL C. E.

The Christian Endeavor Society of the Congregational Church has made pleasant arrangements for a rally of their forces tomorrow. At 5 p. m. they will have lunch together, at the church, inviting young people who have recently come among them. Plans for the season will be announced. All present will remain for the C. E. meeting at 6:30 o'clock, which will be led by the president, Mr. W. E. Welz. This meeting will be followed by the evening service at 7:30.

A CORDIAL INVITATION

A very cordial invitation is given every young man in Glendale who is not a member of any class, to visit the Baraca Class of the First M. E. Sunday School in Glendale. You will find a bunch of fellows ready to give you a warm welcome. The class meets at 9:40 in the Baraca room. Come. D. Lawrence Anderson, press reporter.

The Women's Guild will meet at the residence of Mrs. C. I. Mills, 515 South Central avenue, next Wednesday at 2:30 p. m., and on Thursday, the 14th, they will hold a "Rag Rug Sale" in the guild hall of the church. Sale begins at 2:30 o'clock.

CHAMBER OF COMMERCE

(Continued from Page 1)

spring of his brain, and he could not sell it. He also stated that he had been offered free transportation for his play by the railways, and had refused the offer. The railways of California considered the play one of the best advertisements of the state ever created. He urged the people of Glendale to come and see the play before it should go on its travels, as it would be a long time before it would be back again.

At the close of his remarks, according to instructions the chair appointed A. T. Cowan, J. N. McGillis and Sam Stoddard as a committee to arrange a date for Glendale Day at the Mission Play. After adjournment the committee decided upon Thursday, October 28, as such day.

A. Mr. Hall, of Glendale, representing the Wood Manufacturing Company, of Los Angeles, appeared before the board, stating that on account of crowded conditions at his present location Mr. Wood expects to obtain a factory site outside of Los Angeles, Inglewood, Long Beach and Glendale are three places now being considered. At present this factory employs about sixty men, their work being the manufacturing of cases for phonograph records. Mr. Wood's only requirement is that the citizens of the place in which he locates furnish from three to five acres of land for the building. The proposition was considered quite favorably by members of the Chamber of Commerce and the chairman was instructed to

appoint a committee whose duty it will be to make immediate investigation and report at a special meeting of the chamber, which will likely be called soon.

Adjournment.

NORTH GLENDALE

Messrs Nat and Harry Brown, of 1620 Stocker street, entertained with a dinner and tennis party very recently at their attractive home. After a number of exciting games by these enthusiasts, the party repaired to the house, where a delicious full course dinner was served them by the hosts mother, Mrs. N. B. Browne, to which full justice was done. The guests who enjoyed the delightful occasion included Mr. Walter Mann, Mr. Weekes, Mr. Earl Shooks, Mr. Walter Bowers and Miss Rae Davis, Miss Marie McDonald, Miss Ruth Browne and Miss Bertha Berry.

C. B. HAGERMAN at Christian Church

Members and friends of the Christian Church will please note that the preaching service begins at 10:45 instead of 11. This will be the hour during the evangelistic campaign.

Brother Hagerman wants to meet every member of the church Sunday morning and evening in an every-member rally.

Mrs. G. W. Miller of Southern Indiana, will lead the music during the campaign. Let every member be on hand for Sunday School, 9:30. Special music is arranged for both services.
